Who we are:

Mildmay Uganda (MUg) is a health care and Training center situated on Entebbe road, Lweza, accredited by the National Council for Higher Education (NCHE), as an institution of higher learning. We pride ourselves in delivering high quality educational programmes modeled around evidence gathered through our work within Uganda and the region. Our education programmes are based on our philosophy of linking learning to service delivery and empowering students to be independent learners. We have over the years, and with the support of various partners invested in developing a modern learner-centered environment which students find enriching.
